- Enterprises no longer to be subordinate to the HV Liquid Fuels of the State Secretariat for Chemistry in West Berlin and to be turned over to communal authorities on 1 January 1954 included: VEB Lubricant Factory at Brandenburg/Havel; VEB Chemical Factory at 7 Erich Kästner Strasse, Jessau; VEB Motor Wax Factory at Voswinkel, Kreis Hildenstein; VEB Factory for Tar Products at Bochum/Hattingen; VEB Mineral Oil Plant at Herrenleite near Pirna; VEB Mineral Oil Plant at Klaffelsbach/Erzgebirge; VEB Mineral Oil Plant at Mittelsachsen; VEB Lubricant Factory at Meusel, Sieis Gardelegen; VEB Lubricant Factory at Burg near Magdeburg; VEB Mineral Oil Refinery at Nordhausen; VEB N. J. Bettlitz Mineral Oil Refinery at Freital; THE Combined Works for Asphalt and Tar Products at Dresden and Teplitz; and VEB Lubricant Factory and THE Aemus & Co at Borsigwalde, the Hydrogenation Plant at Zeitz and the Synthetic Plant at Schwarzeheide which were subordinate to the BAG Brikett and the BEMUMAPHT were scheduled to be assigned to the HV for Liquid Fuels on 1 January 1954.¹
- In mid-October 1953, it was still undecided whether the Combine at Kröpelin of the BAG Brikett would be reasigned to the State Secretariat for Coal or the HV for Liquid Fuels. Rumors circulating at the HV for Liquid Fuels at that time stated that this office would be combined with the HV for Heavy Industry.

[redacted] Company. The LEGISLATION was scheduled to be combined with the 1982 IRD (German Central Trade Office for Minerals, Oil and Fertil.
